HOMECOMING '75
SPARTANS UP IN THE CLUTCH
SPARTANS 8 FALCONS 7

The OAK LAWN GRIDMEN pulled out a hair-raiser today, their homecoming, as a tough FALCON team played head to head in a fierce battle. The SPARTANS fell behind on a FALCON touchdown, but then rose to glory on a near perfect pass to John Reilly from QB Joe Serio in the final minutes of the ball game. Pat Lyons pulled in the aerial on a short out for the 2 pt. conversion. Excellent blocking by the offensive line, pinpoint passing and hard running and a little good fortune won this one for the SPARTANS today.

Homecoming continued that evening to music by "Justice." A short ceremony with the court and their escorts was held. The Court Was: Queen: NANCY GLOMB Escorted by: PAT RUNION; Court: DEBBIE MANIATIS Escorted by: Chris Pope; KIM CARLSON Escorted by: Dan McEntee; LAURA TYNAN Escorted by: Cipper Hughes; ANNA VENTURELLA Escorted by: Sam Fiore; JAN CESARIO Escorted by: Jerry Hughes; LYNN GREENE Escorted by: Mike McCampbell.

Bicentennial

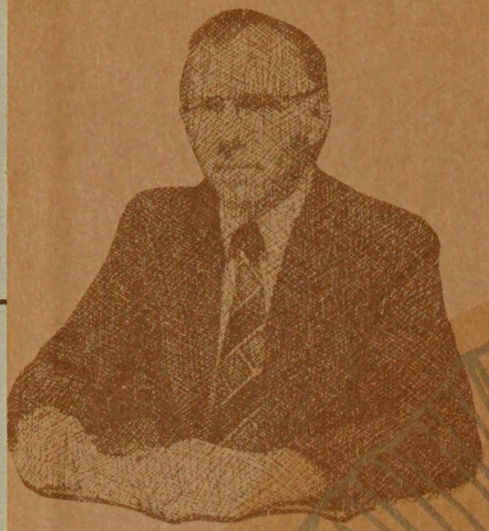

This year the Bicentennial of the United States is being celebrated. OLCHS is in the spirit with many different projects planned. A committee to paint murals was organized by the art department. Another committee was formed to associate OLCHS with the Oak Lawn Chamber of Commerce plans of celebrating the Bicentennial.

The first floor of the school was decorated in the spirit of Bicentennial with captions and pictures of Bicentennial and past Oak Lawn events. The '76 Yearbook has followed the theme of the Bicentennial to keep this year a memorable one.

Good Luck Mr. Lynch . . .

1. Maybe the familiar smile may become faded in our minds, but never forgotten.
2. I finally made it to retirement.
3. He always was a sensitive guy.
4. Well, even the most happiest people have their days.

Mr. Lynch was an important part of the OLCHS student body. He is a man of unique character, one who always combined a stern businesslike personality with a kind, gentle concerning overtone which seemed to just float its way into the hearts of OLCHS Student Body and faculty. He will long be remembered in the hearts and minds of all who walked the halls during his term as Superintendent. The Staff of Shield of '76' joins the rest of the school in wishing Mr. Lynch good luck and a very happy and fulfilling future.

1. Mr. Wiltshire, happy to be here.

3. Thinking it over.
4. Taking a break.
5. Tries an escape.

Though we will all be sorry to see the departure of Mr. Lynch, let us also say; There is no better replacement than Mr. Wiltshire. Being a man of a seemingly reserved personality and the distinguished look of a well formed businessman, there is no doubt what so ever in our minds that Mr. Wiltshire will make a fine Superintendent. He has only been in office officially for one semester but has already established a student-administration relationship that can only grow and flourish because of his fine sense of values and personality which enables him to relate and associate with the student body, as well as the faculty.

We the 1976 Shield Staff join the rest of the student body in welcoming Mr. Wiltshire to his new office.

2. Tom Ellison set a new school record for the lowest 9 hole score. He shot a 35, one under par.
3. Lou Mirabelli was a new-comer to the team. He has tried everything to improve his score.

The 1975-1976 Varsity Swim Team has only three returning lettermen which has caused a problem with team depth. This year's Captain, Mark Shelton, the existing 100 Breaststroke record holder, and Juniors, Mark Traynor, Mike Miller, and Dan Kruse have been strong performers since the season's inception. Traynor and Kruse are school record holders and will be the nucleus of an exciting varsity team in the year to come.

The Mighty Spartans of Oak Lawn put together the best football team this school has ever had. The Spartans came up with 7 wins and just 2 losses. The tackling and running was led by all conference winners; Pat Runnion for both; offensive and defensive lines; middle line backer, Steve Morganthaler; and running back, Mario Pope.

The team was led by head coach, Bob Kunde and assistant coaches, Bill Marcordes and Chuck Chilvers.

Bob Kunde has been coaching the Spartans for the last sixteen years. Now after many good seasons, he has announced his retirement ending with a fantastic coaching season of 1975.

At the senior level these girls have an activity period as well as a regular period. During their activity period they have an opportunity to pursue different sports such as canoeing, camping, and skiing. Last fall they went on an all day canoe trip to try out their skills. A ski trip is now being planned and a canoe and camping trip in the spring.

These girls provide an invaluable service for the Girls P.E. Dept. They are an important part of our program, which is to help each student in the class have as much success as possible. This, the Senior Pepers accomplish by helping, caring and working to encourage each student to learn and perform to the maximum of their ability.

This year's yearbook encountered a few set backs such as missing almost every deadline. The year was off to a good start but it seemed that with every deadline nearing, someone would be faced with a problem that would hold up the book. Despite the numerous setbacks this year's staff was able to put together an over all larger book. The staff enjoyed the annual luau and ski trip. Editors of the yearbook also went out to dinner at a Greek restaurant, and, then on another occasion went to dinner and saw a show. Although Mr. Wojcik may accuse the staff of driving him to his present condition, I'm sure I speak for all when I say that everyone had a good time and would agree that it was a unique experience.

Since chess is new to O.L.C.H.S. a brief background of chess play may be in order. A team consists of eight players and they play on boards numbered 1 through 8. The first, or top board, is worth 20 points for a win, the second board is worth 16 points each and the two lower boards are worth 8 points each. The winner of a match is determined by the most accumulated points.

This, the first year for the chess team has proven to be successful. At the time of this writing, the team has a winning record and is in third place. Quite an achievement since the players were not used to competing against seasoned conference players, using a time clock and taking chess notation at the same time.

R.O.T.C.

Based on the philosophy that "Man's Flight Through Life is Sustained by Knowledge" the objectives of the Air Force Junior R.O.T.C. are to enable the student to: A. Become a better informed citizen in matters pertaining to aerospace. B. Develop leadership and management potential. C. Promote habits of self-reliance, personal honor, orderliness, and discipline. d. Compete for the award of federal scholarships. e. Enter any of the armed forces of the U.S. at advanced pay grades.

Considering that the student contributes nothing but time and effort to the program and that there is no service commitment incurred it is truly a remarkable opportunity.

On Thursday, March 27th, a two car caravan left Oak Lawn for the Caribbean. It was the annual trip for Shield Editors, sponsored by Mr. Wojcik. This year Ms. Covney chaperoned the female editors. They drove to Miami, Florida where they stayed for two days. The group then boarded the U.S. Skyward for seven days of pure luxury. The cruise included stops at Cape Hateiu, San Juan, the Virgin Islands, and the Dominican Republic. On the islands, the editors were able to experience the cultural influences of the French, Spanish, Danish, and of course the Americans. They ate gourmet food, danced by moonlight, swam in the crystal clear water, and entered another world of gracious living experiences, things that few students their age are able to enjoy. The returning trip was adventurous because of a car break down, but all considered it was again a fantastic trip for all concerned.

America's greatest hope for tomorrow lies in the Youth of today. We are to be the future leaders of this country. The Youth in Government program sponsored through the southwest YMCA gives an insight into the governmental processes at a state level. The program simulates an actual legislative body, allowing students to formulate bills, fill offices and overall perform the functions of the Illinois General Assembly. With everything happening in politics today Youth in Government is an excellent way of probing into the background of the political backbone.

Who's Who has been a tradition at O.L.C.H.S. for many years. It contains several categories including favorite teachers. The selection of Who's Who is made by the body of the senior class through a voting survey which is conducted by the yearbook staff every year. Though many Seniors may fall into the categories represented here these are the seniors that received the most votes from their fellow seniors.

The French Club came into existence for the first year at OLCHS. The 1976 Bicentennial Yearbook Staff was one of the largest staffs the yearbook ever had. There were some fifteen editors and several consultants. Because of the large size of the staff there was a great deal of confusion in the Yearbook Office. Sometimes, all the editors even showed up on time. Deadlines were very critical this year with the staff working hard trying to get the book out to the seniors before school ended in June. As usual there were the outstanding editors that would come through in a pinch.

Pat Carr had his problems with organization and deadlines but it was his first try at editorship. Dennis Dobes joined us late as a trouble shooter and often ended up in trouble. Bernadette Dobryzinski was one of our pin up girls and even found time to get her pages in, often on time.

Tom Ellison added humor to a difficult situation and did a good job considering he joined the staff late. Lynn Engnell was in love, so what can one say??? Jerry Hughes was active and tried to pull things together, but had cut himself thin with demands on his time, being so active in other outside and school activities.

Thank goodness for Stephen Meehan who got his share of the work done on time and was around to help other editors in the pinch. Tony Nicosia was a first timer and did a good job most of the time even though his sense of humor sometimes got on my nerves. Don Oplinger joined the staff late and tried to put the add section together in a very short time.

Dan Sobczak made the deadlines by the skin of his teeth and was always able to help out with copy. Dan Stanton, where were you?? Mariann Stanton what can one say? You were there. Steve Strenk did a good job and I'm looking forward for him to do even bigger and better things in the 1977 book.

Kathy Schmalen our problem solver came through when we needed it, especially in typing everyone's work for them on deadline days. David Zad was mostly in the background but he constantly was there when the need arose.

This was an interesting staff to work with. I'm sure a few gray hairs have been added to my head but somehow I survived and a good book was produced.
